

WEBSITE PUBLISHING POLICY & PARENT AUTHORIZATION

The Ark School maintains a website-<http://thearkschool.com>- which contains general information about the school, our staff, and upcoming events. As part of the internet community, The Ark School would like to publish original projects created by enrolled children as well as photographs of enrolled children participating in various school activities on the website. The Ark School is requesting parent authorization for allowing children's projects and/or photographs to be published on the website. All materials we wish to post to The Ark School's website are approved by the School Director before they are published.

NOTE: Children's photographs shall never be identified by name on the website; however, children's work(s) may identified by FIRST name in order to give credit to the creator.

If you have any questions about this policy, please contact the School Office.
